A portion of the RAC-TC District is governed by the Western Theme Overlay District Development Manual architectural and signage standards, which in the case of conflict take precedence over the architectural and signage standards and guidelines of this Division within Western Theme Overlay District. The district's focus will be on-street life and the civic center of the town. Town Hall and the Rodeo Grounds will anchor the area west of Davie Road. East of Davie Road, the area will be allowed to develop organically, with few constraints as to the location of use types, as a true mixed-use neighborhood including retail, office, service, lodging, and residential uses. These uses may occur in any compatible combination that complies with standards and regulations of this Division. Town Hall and Rodeo Grounds improvements, as well as a renewed commitment to the street will drive redevelopment renewed vibrancy in this district.

Town of Davie, Code of Ordinances, Chapter 12, §12-503 Definitions - Personal services: Any business activity of a personal nature, provided to the general public. Personal services may include barbershops, beauty salons, dry cleaning pick-up service, seamstress, shoe repair, tailor, and other similar uses. The SFEC includes Nova Southeastern University, Florida Atlantic University, Broward Community College, Florida International University, McFather Vocational School, among others. The planning area also encompasses the downtown Davie Business District.

Broward County Land Use Plan: The proposed plat is in Flexibility Zone 98.

Applicable Goals, Objectives & Policies:

Future Land Use Element, Objective 17, Policy 17-1: Lands designated for non-residential use shall be located in a manner, which facilitates development, but does not adversely impact existing and designated residential areas.

Future Land Use Plan, Objective 17, Policy 17-3: Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

Staff Analysis

Staff finds that the requested use (astrology and other fortune telling activities) is considered by the Town's Code of Ordinance as a "Personal Services." According to the Town's table of permitted uses, "Personal Services" are permitted within the RAC-TC, Regional Activity Center – Town Center District. Additionally, per the Town's code definition of "Personal Services," the requested use may be permitted by special permit issued pursuant to Article X.

The following information is staff's analysis (italic font) based on the criteria established in the Town of Davie Land Development Code, Section 12-308(A) (1) (a) for special

permits applications based upon its consideration of, where applicable, whether or not the proposed special permit:

(i) Is contrary to the adopted Comprehensive Plan, as amended, or any element or portion thereof;

The requested use is considered commercial and is categorized as a "Personal Services." Presently, commercial uses are appropriate and suitable under the Town's adopted Comprehensive Plan for the Regional Activity Center (RAC).

(ii) Will create an unrelated and incompatible adjacent use;

The Regional Activity Center (RAC) encourages a true mixed-use neighborhood uses including retail, office, service, lodging, and residential uses. The proposed use will pose no incompatibilities with existing and future surrounding mixed-use properties.

(iii) Will adversely affect living conditions in the neighborhood or the Town;

The requested use will have no adverse impacts on living conditions in the neighborhood or in the Town as the surrounding occupancies are commercial.

(iv) Will create or excessively increase automobile and vehicular traffic congestion or otherwise affect public safety;

The requested use will not excessively increase vehicular traffic congestion. Anticipated uses around the subject property are commercial; therefore no traffic increases will be created.

(v) Will adversely affect surrounding property values;

The requested use is consistent with the existing zoning of RAC-TC (Regional Activity Center – Town Center District) and should have minimal impact on surrounding property values.

(vi) Will be a deterrent to the improvement or development of other property in accord with existing regulations;

The requested use is a commercial and would not deter any of the surrounding property owners from developing or improving their properties. Additionally, the surrounding properties will not be negatively impacted visually by the requested use; any improvements to the existing building or property must adhere to the Town's western theme design manual.

(vii) Will constitute a grant of special privilege to an individual owner as contrasted with the welfare of the general public.

The requested use is not a grant of special privilege; individuals may follow the same code procedures requesting Town Council to determine if use is in contrast with the welfare of the general public.

Re:

Justification Letter for Special Permit Application

Donnie Eli

4252 Davie Road, Davie, Florida, 33314

Dear Sir or Madam:

Please be advised that the undersigned attorney is counsel for Donnie Eli, who is a tenant at 4252 Davie Road, Davie, Florida, 33314. This justification letter is being submitted pursuant to a request for a special permit for that property, pursuant to §12-503, of the Davie Code of Ordinances, in order to conduct fortune telling and astrology related services at that location.

This letter is being prepared in an effort to comply with the existing requirements for obtaining a special permit, but does not amount to a waiver of any claims that exist concerning the constitutionality of those requirements. My client currently has a pending civil action against the Town of Davie concerning the legality of the special permit requirement (Case No. 09-035182 (03)) and this application is part of an attempt to amicably settle that pending claim. Nothing in this letter or my client's application shall constitute a waiver of those claims.

My client seeks to operate a business offering fortune telling and astrology related services at the aforementioned location, which is within the RAC-TC zoning district. That zoning district allows such business, under the "personal services" category, but §12-503 requires that they obtain a special permit.

My client is 36 years old and has experience operating such businesses. He previously owned a similar business located on Federal Highway in Fort Lauderdale, which he operated for approximately four (4) years. He has since sold that business location and seeks to re-open in Davie. My client is a South Florida resident in good standing, who has never been sued and has no criminal record. He is a family man, with

a wife and children. It is his desire to open a quality business that benefits the community and neighborhood.

RECEIVED

The special permit procedure requests that this letter address the seventh of Dovie considerations provided by \$12-308(a)(1) which apply to special permit applications, and each are addressed below:

Is the use contrary to the adopted comprehensive plan, as amended, or any element or portion thereof.

The proposed use is not contrary to the Code and, to the contrary, is ideally suited for the zoning district the property is located in. The property is located within the RAC-TC district, which §12-32.506(4)(b) of the Code describes as being "envisioned as a mixed use village". At §12-32.506(2), the Code further describes the RAC-TC district by stating that "the area will be allowed to develop organically, with few constraints as to the location of use types, as a true mixed use neighborhood, including retail, office, service, lodging and residential uses".

As that language clearly indicates, the Code has established the RAC-TC district as a zone that invites diversity in use and encourages a more open approach to permissible business types. It is with that intent in mind, that my client's application should be considered.

Will the use create an unrelated and incompatible adjacent use.

The property which my client has leased is a free standing structure which will require no structural modifications or alterations. Therefore, there will be no impact upon adjacent uses.

Will the use adversely affect the living conditions in the neighborhood or town.

The use will have no adverse impact on the living conditions of the neighborhood. The property is located on a busy commercial thoroughfare, Davie Road, and will not create anymore impact than an ordinary service business, such as a professional office. The business does not create noise, does not open at unusual hours, and does not draw large crowds or unseemly clientle. The business will have no impact on the surrounding neighborhood, other than to add an active and well-maintained business where there was previously a vacant building.

Will the use create or excessively increase automobile and vehicular traffic congestion or otherwise affect public safety.

The use will have no impact upon traffic as it does not draw anymore members of the public than any ordinary retail or service use. My client does not receive large deliveries of any products and there would be no trucks or large vehicles on the property. In fact, the proposed use probably has less of an impact on traffic than other service and

LAW OFFICES OF

retail uses in that fortune telling and astrology consultation clients are seen individually, with only one client at the property at a time.

MUG F S AUGU

Town of Davie

Will the use adversely affect the surrounding property values.

The use will not adversely impact on surrounding property values. My client has always maintained an attractive and well-kept business at his previous locations and is determined to keep those same standards at this location. My client does not utilize garish signs or colors and maintains a aesthetically pleasing look to his business. My client also fully agrees to comply with all signage requirements and will work in good faith with the Town of Davie to create a business that blends well with the existing neighborhood.

Will the special permitted use be a deterrent to the improvement or development of other property in accord with existing regulations,

The use will not deter the improvement of other properties in the zone, but rather, will encourage further business development of the area by serving as a thriving and successful business location that draws consumers and customers to the area. Allowing my client's business to open and thrive, will benefit other businesses located in the area by attracting persons with disposable income.

Will the use constitute a grant of special privilege to an individual owner as contrasted with the welfare of the general public.

The proposed use would not be contrary to the welfare of the general public in any manner, and therefore would not operate as a special privilege. There is a segment of the public that is genuinely interested in the practice of astrological interpretation and the ancient arts associated with tarot cards and other fortune telling activities. Some persons are sincere adherents to those practices, while others utilize those services for entertainment purposes. My client offers a comfortable and presentable venue for persons in the community who enjoy those services. My client has no history of engaging in fraudulent activities and wishes to operate out in the open, in full cooperation with City officials.

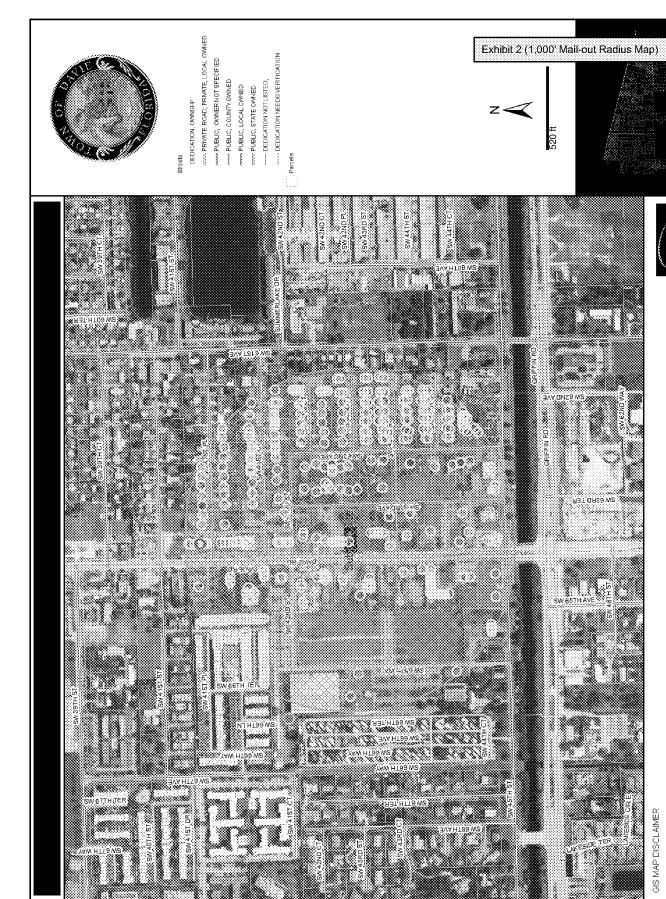

As illustrated above, the proposed use would satisfy each of the seven stated guidelines and would serve as an asset to the community. Accordingly, I ask that you grant the special permit for fortune telling and astrological services. Should you have any additional requests or concerns, please contact me.

Sincerely

_RÚSSELL L. CORMICAN, ESQ. KENT AND CORMICAN, P.A.

SUMMARY OF DISCUSSION
PUBLIC PARTICIPATION MEEETING #1
SEPTEMBER 8, 2009 – 7PM-8PM – DAVIE TOWN HALL
SPECIAL PERMIT APPLICATION FOR
4252 DAVIE ROAD, DAVIE, FLORIDA, 33314

Minutes of meeting:

Meeting began promptly at 7:00 pm.

Two persons attended the meeting. Both were present at 7:00 pm when the meeting opened and provided their name/address on the sign in sheet. Their comments were as follows:

Tom Truex – Stated that he owns a vacant lot that is adjacent to the subject property (located to the south). Had questions regarding the nature of the business that would be located there. I explained that the business intended to offer services related to astrological consultation, tarot card interpretation and other spiritual based services, in addition to new age merchandise such as crystals, candles, etc. I also provided some information about my client and his experience operating these types of businesses. He expressed some concern about the impact a business of this nature would have on the surrounding neighborhood, but did not voice any specific problems he felt the business would cause. After the explanation, he stated that he was satisfied with my answers. Mr. Truex left at approximately 7:10 pm.

John Maliff – Stated that he did not own property or reside within 1000 feet of the proposed location, but rather that he had friends who did and he was present to obtain information for them. He stated that his friends were concerned about the level of traffic and the hours of operation of the business. I explained to him that the business did not intend to operate during unreasonable late or early hours, and that the business is not likely to cause any noticeable impact on traffic. I explained that the business model typically only involves one or two customers at a time and therefore impact on parking and traffic would be negligible. He stated that he was satisfied with my explanation. Mr. Maliff left at approximately 7:15 pm.

No other attendees were present between 7:15 pm and 8:00 pm. The meeting was closed at 8:00 pm.

Summary of letters/ phone calls received:

No letters were received.

One phone call was received from an unknown caller who simply asked for an explanation of why he received the notice and what it meant. He had no comment about the proposed use of the property.
